Fixed interest account option

1-year term

Performance Capture Fixed Rate and Lock Fixed Rate

Rate until next contract anniversary

In certain market conditions, we may offer a Participation Rate that is greater than 100% on our 6-Year Strategy Account Options with Participation. In growing markets, the 6-Year Strategy Account Options with Participation will always outperform the 6-Year Strategy Account Options with Cap. However, in market downturns, they will not. Please review the Rate Sheet with your financial professional completely prior to completing your application and/or making an investment decision.

This material is not authorized for use unless preceded or accompanied by the Corebridge MarketLock Annuity prospectus. See page 2 for applicable minimum rates and other important information. New rates may apply after the end of the Strategy Account term and are subject to minimum guarantees. Rates shown are not interest rates.

Annuities are issued by **American General Life Insurance Company (AGL)**, Houston, TX.

Rate until next contract anniversary	

To learn more about these strategy account options, ask your Financial Professional for the Corebridge MarketLock Annuity Investment Strategy Guide.

Corebridge MarketLock® Annuity

Key terms and information:

Premium (purchase payment): Money used to purchase the annuity. The Corebridge MarketLock Annuity can only be issued with a single premium. No additional premiums are allowed.

Lock Strategy: Captures the dynamic growth potential of the stock market by tracking actual S&P 500® index performance on a daily basis and automatically locking in the Lock Threshold rate when the growth target is reached.

Lock Threshold: The growth rate or threshold that the S&P 500® index must meet or exceed for gains to be automatically locked into the Lock Strategy.

Cap: Offers a maximum percentage (cap) on the interest rate you can earn.

Trigger: Guarantees growth in flat or weak markets with a fixed rate of interest that is triggered when index returns are 0% or higher.

Dual Direction with Cap: Provides earnings up to a maximum percentage (cap), even in negative markets, as long as index returns do not fall below a certain level.

Participation: Participates in a percentage of the index performance by way of a participation rate which is used to calculate index earned. For example: 10% index change x 50% PAR rate = 5% interest earned.

Cap Secure: Offers a maximum percentage (cap) on your annual earnings. This cap is constant over six years.

Buffer rate: Protects against loss up to a specific percentage. For example, a 10% buffer will shield you from losses up to 10%.

Index options are price return options and do not reflect dividends paid.

Strategy Account Options are subject to change at any time. See the prospectus for more information. Strategy Account Options are not a permanent part of the contract and may be removed due to circumstances beyond the control of American General Life Insurance Company. Strategy account options may vary by firm and may not be available in all firms or states.

Registered index-linked annuities (RILAs) are long-term insurance products designed for retirement. They are not a direct investment in the stock market. RILAs provide the potential for interest to be credited based in part on the performance of the specified index with the potential for risk of loss of principal due to market downturns or fluctuations. The principal value and returns will fluctuate so that the value when redeemed may be worth more or less than the original cost. RILAs may not be suitable or appropriate for all clients.

Early withdrawals may be subject to withdrawal charges. Partial withdrawals may reduce benefits available under the contract, as well as the amount available upon a full surrender. Withdrawals of taxable amounts are subject to ordinary income tax, and if taken prior to age 59½ an additional 10% federal tax may apply.

This material is general in nature, was developed for educational use only, and is not intended to provide financial, legal, fiduciary, accounting or tax advice, nor is it intended to make any recommendations. Applicable laws and regulations are complex and subject to change. Please consult with your financial professional regarding your situation. For legal, accounting or tax advice consult the appropriate professional.

All contract and optional benefit guarantees, including any fixed account crediting rates or annuity rates, are backed by the claims-paying ability of the issuing insurance company. They are not obligations of or backed by the distributor, insurance agency or any affiliates of those entities and none make any representations or guarantees regarding the claims-paying ability of the issuing insurance company. Products and features may vary by state and may not be available in all states or firms. The purchase of Corebridge MarketLock Annuity is not required for and is not a term or provision of any banking service or activity.

Corebridge MarketLock Annuity is sold by prospectus only. The prospectus contains the investment objectives, risks, fees, charges, expenses and other information regarding the contract, which should be considered carefully before investing. A prospectus and summary prospectus if available may be obtained by calling 1-877-445-1262. Investors should read the prospectus carefully before investing.

Corebridge MarketLock Annuity is issued by **American General Life Insurance Company** (AGL), Houston, TX, in all states except New York. AGL does not solicit, issue or deliver policies or contracts in the state of New York. **Distributed by Corebridge Capital Services, Inc.** (CCS), member FINRA, 21650 Oxnard Street, Suite 750, Woodland Hills, CA 91367-4997, 1-800-445-7862. AGL and CCS are subsidiaries of Corebridge Financial, Inc. Corebridge Financial and Corebridge are marketing names used by subsidiaries of Corebridge Financial, Inc.
